Proposal for Dynamic Website Development

Submitted to: Wolelay Management Consultancy

Submitted by: Hilary Gebremedhin

Date: May 24, 2025

1. Company Background

I am a freelance web developer with a focus on building modern, responsive, and user-friendly websites. My passion lies in turning ideas into clean and functional digital solutions. While I'm at the beginning of my professional journey, I bring strong front-end development skills and a dedication to continuous learning and quality delivery.

2. Relevant Skills & Projects

- Built multiple front-end and full-stack demo projects using React, JavaScript, HTML, and CSS.
- Created a personal portfolio showcasing responsive design and user-friendly interfaces.
- Passionate about branding and visual identity — focused on delivering clean, modern designs.
- Self-taught with certifications from platforms like freeCodeCamp and project-based learning.
- Eager to take on real-world client work and grow through hands-on experience.

 Demo for Hamlin Capital Website:

3. Technical Approach

Technology Stack:

- Front-end: React.js (with Tailwind CSS or Bootstrap for styling)
- Back-end: Node.js + Express or Firebase
- Database: MongoDB or Firebase Firestore
- Hosting: Vercel, Netlify, or AWS
- Payment Integration: Stripe or Flutterwave (for future integration if needed)
- Version Control: Git & GitHub

Security & Compliance:

- SSL certification
- Form validation and spam protection
- Secure database transactions with encrypted data
- Regular backups and access control policies

Mobile Responsiveness:

- Mobile-first design
- Fully responsive layout tested across devices and browsers

4. Timeline & Milestones

Phase	Timeline
Requirement Gathering	2 Days
Design & Wireframes	6 Days
Development	13 Days
Testing & QA	4 Days
Deployment & Handover	3 Days
Total Time	~28 Days

5. Budget Breakdown

Item	Estimated Cost (ETB)
Design (UI/UX)	10,000
Development (2 Websites)	24,000
Testing & QA	5,000
Deployment & Setup	3,000
Support & Maintenance (3 mo)	5,000
Total	47,000

Note: Final pricing is negotiable based on specific features and timeline.

6. Support & Maintenance

- 3 months of free bug fixing and minor updates.
- Optional monthly maintenance plan covering:
  - Security monitoring
  - Content updates
  - Monthly backups

7. Training & Handover

I will provide documentation and a recorded training session for your staff on:
- Website admin panel
- Content updates
- Managing form submissions
